

Economical Sustainability Guide of the Theater im Ballsaal for the Audience

Preface

Dear audience,

We have set ourselves the goal of making our theater and our working methods environmentally friendly. We have changed our lighting technology to LED spotlights, we use recycled paper for our printed products, we have installed an intelligent heating system for our entire premises, and we participated in the first "Staffellauf fürs Klima" in 2022 - to name just a few of our previous efforts.

As a visitor, you also have the opportunity to make our theater more environmentally friendly, because: the journey of our audience has a great influence on our CO2 balance. Therefore, we have prepared a small guide for you in which you will find suggestions for making your visit to the Theater im Ballsaal as environmentally friendly as possible.

We are looking forward to your support in helping the Theater im Ballsaal to combat climate change!

Your team from the Theater im Ballsaal

Arrival and Departure

There are many ways to get to the Theater im Ballsaal. We recommend that you travel by public transport or by bicycle - and not only because these options are more environmentally friendly than traveling by car. Parking spaces in Endenich are a rarity and in most cases already occupied by residents or visitors of the surrounding gastronomy. You can easily take the bus to our front door and you can chain your bicycle to the iron bars at the nearby Volksbank or Harmonie.

If you come to us by cab, you can ask the Taxi Zentrale Bonn (<https://www.taxibonn.de/start.html> / 0228 55 55) for an electric or hybrid car.

Arrival by Public Transport

Homepage of the regional transport company VRS: <https://www.vrs.de/>

Homepage of Deutsche Bahn: <https://www.bahn.de/>

Coming from Bonn Main Station

Bus Line	Direction of Travel	Bus Stop Exit

Bikes to Rent

If you do not have your own bike or yours cannot be ridden at the moment, you have the option of renting a bike in Bonn through a sharing provider:

- City of Bonn / Provider overview: <https://www.bonn.de/themen-entdecken/verkehr-mobilitaet/mietfahrraeder.php>
- Nextbike: <https://www.nextbike.de/de/bonn/>
- Swapfiets: <https://swapfiets.de/bonn?type=all>
- Bike station of the Caritas Bonn: <https://www.radstationbonn.de/>

Tickets

If you have already purchased your ticket online and received it by e-mail, you can show it on your smartphone at the box office. You do not need to bring a printout of the same.

Streaming Offers

During the winter of 2020, they were a bright spot in the lockdown routine for us art and culture professionals, as well as for our audience: online streamings of events of various kinds. Here, too, there are a few tips and tricks on how to reduce energy consumption and to protect the environment when using such offerings:

- stream the event via a Wifi network and not via your mobile data
- use the smallest possible end device (e. g. tablet instead of laptop with larger screen)
- adapt the streaming quality to the end device

As at August 25th
